No-Spill® 1½ and 2½ Gallon Cans

The most user friendly can available. Professional quality. Spout easily fills even the smallest equipment without the need to press down on the tank opening to pour. Use with 6" Flexible Spout Extension to fill automobiles.

- 1415 - 1½ Gallon Gasoline Can
- 1405 - 2½ Gallon Gasoline Can
- 1018 - 1½ Gallon Multipurpose Can
- 1008 - 2½ Gallon Multipurpose Can

(NoSpill® fuel cans are EPA, California, and CPSC compliant. (Multipurpose cans are not intended for fuels and are not subject to EPA or CPSC regulations)

No-Spill® 5 Gallon Cans

Our popular No-Spill® autostop nozzle on our all new specially proportioned 5 gallon can with rear handle for balanced pouring makes this the most usable 5 gallon can ever. Use with 6" Flexible Spout Extension to fill automobiles.

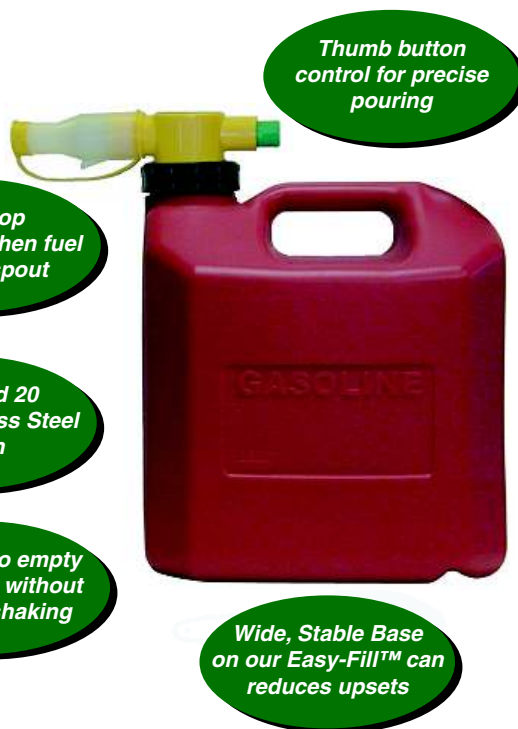

- 1450 - 5 Gallon Gasoline Can (red)
- 1456 - 5 Gallon Kerosene Can (blue)
- 1457 - 5 Gallon Diesel Can (yellow)
- 1058 - 5 Gallon Multipurpose Can (translucent)

(NoSpill® fuel cans are EPA, California, and CPSC compliant. (Multipurpose cans are not intended for fuels and are not subject to EPA or CPSC regulations)

No-Spill® Flexible Spout Extension

Fits all No-Spill® cans. Easily extend your No-Spill® spout with a flexible extension to fill those hard to reach applications, including autos, boats and tanks with vertical openings. Special tubing stays flexible, will not harden or crack in fuels or cold. Includes molded spout with attached dust cover.

- 0206 - 6" Flexible Spout Extension (fills autos, boats and other vehicles)

NO-SPILL® Has You Covered !!

IMPORTANT NOTICE:

EPA certified fuel containers required January 1st, 2009

1. The U.S. Environmental Protection Agency (EPA) has established standards for all fuel cans similar to fuel can standards now in California and other states (known as "CARB" cans).
2. All portable fuel containers manufactured after 1/1/09 must meet EPA environmental standards and display an EPA certification code.
3. Retailers may sell through their stock of non-compliant fuel cans manufactured prior to 1/1/09.

Child Resistant fuel containers required January 17th, 2009

1. Under the Consumer Product Safety Improvement Act of 2008 (CPSIA), the Consumer Product Safety Commission (CPSC) requires that all Portable Fuel Containers manufactured after January 17th, 2009 be Child Resistant.
2. Retailers may sell through their stocks of non-compliant fuel cans manufactured prior to 1/17/09.
